## Who I am:

I am enthusiastic about creating experiences that are both beautiful and functional. I am a designer and developer who designs and builds with the user in mind. I love working collaboratively with a team, but can meet deadlines independently.

I'm constantly learning and evolving my skills. I stay current with changing trends by getting involved in local tech meet ups, volunteering my skills, and participating in hack-a-thons.

## What I like:

## What I speak:

English (Fluent)

Spanish (Basic)

## What I'm good at:

### Design
